

Lt. Governor the First to Visit Nebraska 2-1-1 Statewide Website

Local Human Service Information Just a Click Away at www.ne211.org

At 10:00 a.m. on February 11, 2005 in the Warner Room of the Nebraska State Capitol in Lincoln , Lt. Governor Rick Sheehy logged on as the website's first visitor.

The Nebraska 211 website offers visitors several ways to search for the information they need, including searches by location and need. It is a handy resource for individuals who seek help for themselves, while offering timely assistance to someone who's trying to help a friend or relative who lives in another Nebraska community. Government and social service providers also will find the website helpful through the use of a special search function that matches their specialized industry service codes.
